

Innorack® IVC Rat 3.5

HIGH-PERFORMANCE IVC RACK DESIGNED FOR USE WITH THE SIMPLICITY OF OUR DISPOSABLE IVC CAGES

MAIN FEATURES

- » Dual-HEPA filtered ventilation system
- » Positive/negative modes of operation
- » Double or single-sided rack options
- » Many column/row configurations possible
- » Independent control of airflow on each side

DYNAMIC DIGITAL CONTROLLER

- » Dynamically maintains settings on both supply and exhaust blowers
- » Quick-look color display for easy status monitoring

ERGONOMIC DESIGN

- » Lightweight rack (largest configuration weighs 204 kg) and blowers (7 kg)
- » Full cage visibility
- » Locking swivel wheels for easy maneuverability

EASY CLEANING AND MAINTENANCE

- » Continuous shelf design and smooth beveled surface allow for easy cleaning
- » Quick disconnect blowers
- » VHP and chlorine dioxide compatible (autoclave-compatible upon request)

IMPROVED ANIMAL WELFARE

- » Low-vibration ventilation system creates a stress-free animal environment
- » Blower design with reduced noise level operation

Image 1. Double-sided Innorack® IVC Rat 3.5, 80 cage positions
